

BECAUSE HEALTHCARE DESERVES MORE CARE

KGA’s Healthcare Employee Assistance Program (EAP) offers services specifically designed for today’s hospitals, nursing homes, clinics and assisted living facilities. We recognize that healthcare organizations are complex, dynamic environments, undergoing unprecedented change, all of which creates pressure for the professionals working within them.

In addition to robust counseling and work-life support for employees and household members, KGA provides organizations with services such as on-site counseling, return-to-work consultations, wellness programming and training related to harassment, reasonable suspicion, bullying and workplace violence.

KGA is proud to serve the following hospitals: Boston Children’s Hospital, Cambridge Health Alliance, Dartmouth-Hitchcock Healthcare System, Mount Auburn Hospital, New England Baptist Hospital, Signature Healthcare and Tufts Medical Center.

Other healthcare clients include: Shields Healthcare Group, BMC HealthNet Plan, Harvard Pilgrim Health Care, Health Plans Inc., Brookhaven at Lexington and D’Youville Senior Care.

EAP DEVELOPED SPECIFICALLY FOR HEALTHCARE EMPLOYEES

INDIVIDUAL SUPPORT

- Counseling for anxiety, depression, stress, family relationships, substance abuse and work conflicts
- Consultations for legal and financial concerns
- Resources for elder/adult care, parenting issues and work-life balance
- Support from a nutritionist on weight management, allergies and other dietary concerns.
- Grief counseling in response to patient deaths, adverse medical incidents and catastrophic event victims

OPERATIONAL SUPPORT

- Expertise in dealing with high-risk situations such as drugs or violence in the workplace
- Integration with other health-related benefits and wellness programs
- Promotion that reflects multi-lingual and multi-shift environments
- Collaboration with in-house counselors, crisis intervention teams and chaplains
- Partnership with Occupational Health and Human Resources departments
